

## FULL RANGE **RH-STS LO 215**

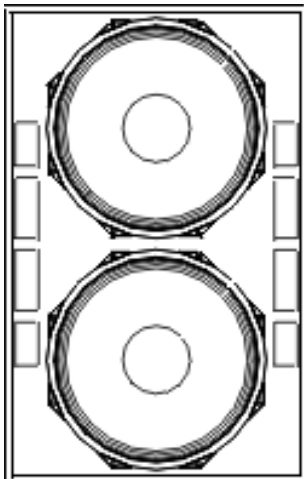

### **Dual High Power 15 inch Woofers**

Easily handle 2000 watts AES program power, deliver 136 dB peak SPL

### **High Power Bass Cabinet**

The LO 215 bass cabinet was developed as a companion to other STS Series loudspeakers in applications that require additional low frequency energy. Its skilfully tuned and vented design allows the STS LO 215 to function effectively as a low frequency enclosure when used with mid-high frequency cabinets. It offers unparalleled bass performance and efficiency from a compact 20° trapezoidal cabinet.
